**Subject:** Microsoft Settlement

Dear Sirs,

I have been a computer software professional for over thirty years.

Over the last ten years I have watched Microsoft exert a strangle hold on the computer software field.

Because of Microsoft's monopoly hold on the market I am forced to purchase tools which are exorbitantly priced, and work on an operating system (Windows) which is largely undocumented, insecure, capricious, and un-repairable.

The proposed settlement is very inadequate. It is a license to Microsoft to continue in the future as it has in the past.

I am pleading with you reject the settlement, and to craft an effective remedy to these problems.

Thank you,

Arthur Abraham
